

Disability Sector Quality System Research Project

Is your service the best it could be?

Have you heard about the new Disability Sector Quality System (DSQS)?

Do you need support to tell your service provider your ideas?

Louise Lowe has been employed as the Quality Project Worker for QDN. Louise is excited about the prospect of people with disability having more control over the quality of the services they receive and looks forward to making this project have meaning and purpose.

Louise Lowe
QDN Quality Project Worker

Queenslanders with Disability Network (QDN) have recently received funding from DSQ to identify ways to inform, engage, and involve people with disability in the Disability Sector Quality System (DSQS).

This project aims to explore processes that will enable people who receive services from service providers funded by DSQ, to be actively involved in helping to improve their services - **which is how it should be!**

If you are interested please do not hesitate to contact the QDN office on **1300 363 783** or call Louise directly:
