

SELF - DIRECTION

The Way of the Future!

PUTTING PEOPLE WITH DISABILITIES AND THEIR FAMILIES IN CONTROL

Queensland Alliance for Self-Direction presents a workshop to provide information on how this is currently being achieved in Queensland and to provide an opportunity for ongoing conversation for the future of self-direction.

People with disability, families of people with disability and service providers will gain valuable insight into how this can work for them.

The Alliance for Self-Direction has recently been formed between a number of organizations in Queensland who are already assisting people with disability and families to self-direct and are actively engaged in the foundation of a range of self-direction initiatives either within or outside of existing service structures.

Topics to be covered:

- **What is self-direction?**
- **The current context**
- **Self-direction from a family perspective**
- **Self-direction from the perspective of people with disability**
- **Self-direction from a service perspective**

*This workshop will also be held at the **Sunshine Coast** on **Wednesday 30th November** (venue to be confirmed) and workshops will be held in **North Queensland and Central Queensland** in the first half of 2012.*

RSVP: Monday 14th November, 2011 by calling 36221206.

Please complete attached registration form with payment.
